

TriWest Armed Forces Eco Challenge in Alaska (August 2002)

*By CPT Erica Clarkson
US Army Health Care Recruiter*

Recently I participated on a team with 3 orthopedic surgeons (2 from BAMC and 1 from Ft. Benning). We were one of seven teams who actually completed the course. We finished 4th and the top 3 teams had all participated in the event last year, so we had the best finish for first time participants.

Event coverage and photos can be found on the team website at <http://www.triwest.com>. Our team name is TriWest Army.
